Description: Before a bomb ended his life in the summer of 1980, Walter Rodney had created a powerful legacy. This pivotal work, How Europe Underdeveloped Africa, had already brought a new perspective to the question of underdevelopment in Africa. His Marxist analysis went far beyond the heretofore accepted approach in the study of Third World underdevelopment....

Review: This book really provides the connection between capitalism, enslaved Africans as capital and the modern economy and how it all emerged out of the natural progressions from feudalism. Very interesting. This should be read with Gerald Horns book about the United States American Revolution and the counter revolution of the enslaved Africans who in large...
